James Molesworth - Wine Spectator **“24 top Côte-Rôtie producers who are making some of the Northern Rhône's best Syrah ever”**

*“François Villard runs a Condrieu-based domaine which he created in 1991, and makes outstanding whites as well as reds. He is also one of the founders of Les Vins de Vienne. The Côte-Rôtie Le Gallet Blanc, actually y a red that contains no Viognier, is sourced from four schist-soil parcels in the Côte Brune region and is aged in two-thirds new oak. It typically shows a mix of dark fruit and olive notes with a muscular finish”.*
