MASI®

LEADING AMARONE PRODUCER

The Old Vintages Selection Tasting:

*Cantina Privata
Boscaini®*

Each year bottles of Amarone have always been kept back in the Boscaini cellars as part of an old family tradition. In the 19th century, Paolo Boscaini was known to have kept bottles in reserve with vintages corresponding to his marriage and the birth of his children and grandchildren. This association of Amarone with celebrating the most important rites of passage in life is still part of family tradition today.

The Boscaini family continues to keep examples of the most promising Amarone vintages back in their cellars. This is how the Boscaini's guarantee that not only their children and grandchildren, but all lovers of MASI wines, will have the chance to discover tastes and sensations from the past and the opportunity of further enriching their cellars.
